## *Equipping a New Generation of Leaders “Executing Kingdom Mandate - Discipling the Nations –”*

### *Church building project & Evangelistic crusade – Thononda village, Venda, South Africa - September 12 – 30, 2011*

- We celebrated the opening of the new church building in Thononda, a daughter church of the Dzamba Baptist Church in the remote mountain areas of Venda. We erected the steel frame for the building already a year ago and everyone were so excited to see the building going up to serve as a worship place for the body of Christ. God is greatly at work in this place as we saw how the people hunger and thirst for Him, willing to deny pagan and ancestral worship to follow the living Christ.
- The Gospel of Jesus Christ was proclaimed every day and night during the house visitations and tent crusade at nights, while the construction of the walls of the building was going on during the day. Many people committed their lives, to become true disciples of Christ and many new believers were added to the church. Pastor Rodney will oversee the spiritual growth of the believers.
- It was a privilege to work with Pastor Richard Hamlet, director and CEO of Global Ministries Fellowship and team from Ridgeway BC, who contributed greatly to the completion of the church building, salvation of souls and encouragement of the believers.
- So much were accomplished during this project because we pursue to be governed by the priorities of God, incarnate the power of God, motivated by the purposes of God, stay dependent on the provisions of God, and equip the people of God. All praise and honor to Jesus Christ, our Lord and Savior who will and work through us for His good purposes and plans.

*“For the message of the cross is foolishness to those who are perishing, but to us who are being saved it is the power of God.” 1 Cor 1:18*

# THONONDA, Venda, South Africa

## **Evangelistic crusade, Discipleship, and Church building project**

- Our camp was made under the roof of the building to protect us from wind storms, cold and rainy days while construction was going on.
- Ginger Hamlet presented the Chronological teaching of the Bible through a picture quilt to the children every afternoon. The children learnt so much and could apply many of the teachings of the Bible figures to their own lives. Ginger presented the quilt to the church during the Sunday worship service.
- Bibles were given to the chief and civic administrator of the village. The two groups were reconciled during the meeting as they have disunity in the past on issues. Both bowed their knees to Jesus the King of kings and the Lord of lords after receiving the Word of God.
- We used the opportunity to thank Skosh & Marlene Peoples for their hard work and dedication to the work for the months that they were involved at ElShaddai and on the building in Venda. They have to return back to their home in the USA due to the illness of Marlene's mother.

## **Stephen Olford School of Preaching:**

- **Ngwenani, Venda South Africa:** Fourteen pastors received training through the Stephen Olford School of Expository Preaching that was presented in the Ngwenani Baptist Church, Venda in August. The Word of God was preached in power during the graduation service and we believe that the seed sown in these servants of God will multiply for the advancement of the Kingdom of God.
- **Center of Development, Maputo, Mozambique: October 2011**  
Pastor Isaias Uaene reported as follows: *"It is time of self evaluation and rededication to the ministry of expository preaching. The pastors were then challenged to prepared sermons based on the teaching given and also think of two to five people with whom they would like to share this wonderful teaching. They were given two weeks to work on sermons to be preached and shared with us on November 11th. At that time they will also let us know of the three or five men they will share this with. Some had shared their topics and names of those with whom they will share right at the seminar, which was encouraging."*
- **Lusaka, Zambia:** Pastor AC Mutale reported that the School was successfully presented to fourteen pastors of different ministries in Lusaka during August 2011.

## "EL SHADDAI" alias "DESTINY INN"- A TENTMAKING MINISTRY

We invite you to become part of this exciting tent making ministry which will impact influence and impact nations. Most of what we were able to achieve the last 34 years for the Kingdom of God was due to partnerships. We thank the Lord for Churches, Short-term mission teams, Missions Organizations and Individuals who supported the planting of over 200 new churches, the construction of over 100 church buildings in Southern Africa. God's grace has brought us so far, and prepared us for this special assignment to develop El Shaddai / Destiny Inn Accommodation, Training and Equipping Facility. We believe that this can be an effective tool in the hand of the Master to disciple nations and to creating funds for missions support. Profits from this tent making venture will enable us to Evangelize and Disciple the nations; Mobilize, Facilitate and Equip believers in Christ. Now, is Africa's time for every Word of God to come into fulfillment, and to contribute greatly to reaching the World with the true Gospel of Jesus Christ. Please pray, and please contact us if you believe God wants you to be part in this tent making project. The cost to build one room is US\$6,000. Once finished the rooms will enable us to accommodate more people during leadership training sessions and it will also serve as a "tent making" ministry, creating income for the purpose of Kingdom advancement!
